2.3.1 Investment Philosophy

Dynamic Approach

Investment opportunities vary according to ever-changing markets and economic conditions and require adaptive strategies that follow a strict investment process

Strong Risk Management

Risk management is an *integral part* of the investment process, as it helps to *provide diversification* across active strategies, a constant *trading discipline* and downside protection at both trade and portfolio levels

Research based conviction

Rigorous in-depth research is the key to exploit the investment opportunities and generate **consistent out-performance**

Collaborative Efforts

A culture of debating and evaluating a large set of viewpoints as well as constantly questioning "consensus views" is essential to be one step ahead of the crowd and deliver superior risk-adjusted returns
